

First Call for Participation

MEDEA+ Design Automation Conference

Nano-Electronics Towards System Integration: The EDA Challenge

Highlights from MEDEA+ projects

22 – 24 May 2007

**Maison des Micro et Nanotechnologies,
MINATEC[®], Grenoble, France**

Focus

Application-oriented design methods for SoC have become a very important success factor for European Micro-Electronic companies and will be looked at in its full range. Exhaustive research and development in this area has been supported by MEDEA+ and local governments over the past five years. Latest results and exciting highlights from MEDEA+ projects will form the subjects of this conference.

Contents: Call for Contributions

All MEDEA+ projects in the field of electronic system design, design automation and manufacturing topics related to design are invited to contribute to the conference. Each project may organise a full session consisting of one tutorial presentation (45 min.) and 2 technical presentations (20 min. each) or contribute to a global session with a tutorial or a technical presentation. MEDEA+ project leaders are invited to submit requests for contribution to <Ahmed.Jerraya@imag.fr> **before 25 November 2006.**

Organisation

- sponsored by MEDEA+
- General Chair: Marcello Coppola, STMicroelectronics, France
- Programme Chair: Ahmed Jerraya, TIMA, France
- Local Organisation Chair: Daniel Vellou, CEA/Léti/DCIS, France

Steering Committee

- J. Borel, J.B - R&D, F
- B. Candaele, Thales Group, F
- M. Coppola, STMicroelectronics, F
- J. Deutrich, MEDEA+, F
- D. Hamelinck, IMEC, B
- A. Jerraya, TIMA, F
- W. John, Fraunhofer Institut IZM, D
- P. Koch, MEDEA+, F
- A. Reutter, Bosch, D
- W. Rosenstiel, Uni. Tuebingen & FZI, D
- L. Schrader, Infineon, D
- R. Seepold, Uni. Carlos III de Madrid, E
- F. Theeuwen, NXP Semiconductors, NL
- D. Vellou, CEA/Léti/DCIS, F

Conference location

Maison des Micro et Nanotechnologies
MINATEC[®], Grenoble, France
